an excerpt from the beginning of the first chapter it seems remarkable that three hundred years should have been allowed to elapse since the death of john dee in december 1608 without producing any life of an individual so conspicuous so debatable and so remarkably picturesque there is perhaps no learned author in history who has been so persistently misjudged nay even slandered by his posterity and not a voice in all the three centuries uplifted even to claim for him a fair hearing surely it is time that the cause of all this universal condemnation should be examined in the light of reason and science and perhaps it will be found to exist mainly in the fact that he was too far advanced in speculative thought for his own age to understand for more than fifty years out of the eighty one of his life dee was famous even if suspected and looked askance at as clever beyond human interpretation then his queen died with the narrow minded scotsman who succeeded her came a change in the fashion of men s minds the reign of the devil and his handmaidens the witches and possessed persons was set up in order to be piously overthrown and the very bigotry of the times gave birth to independent and rational thought to newton bacon locke but dee was already labelled once and for all every succeeding writer who has touched upon his career has followed the leaders blindly and has only cast another and yet another stone to the heap of obloquy piled upon his name the fascination of his psychic projections has always led the critic to ignore his more solid achievements in the realms of history and science while at the same time these are only cited to be loudly condemned the learned dr meric casaubon who fifty years after dee s death edited his book of mysteries the absorbing recital of four out of the six or seven years of his crystal gazing was perhaps the fairest critic he yet has had although he calls dee s spiritual revelations a sad record and a work of darkness he confesses that he himself and other learned and holy men including an archbishop read it with avidity to the end and were eager to see it printed he felt certain as he remarks in his preface that men s curiosity would lead them to devour what seems to him not paralleled in that kind by any book that hath been set out in any age to read and yet on no account was he publishing it to satisfy curiosity but only to do good and promote religion for dee he is persuaded was a true sincere christian his relation made in the most absolute good faith although undoubtedly he was imposed upon and deluded by the evil spirits whom he sometimes mistook for good ones it may be well here to remark that this voluminous book of mysteries or true and faithful relation fol 1659 from which in the following pages there will be found many extracts abounds in tedious and unintelligible pages of what casaubon calls sermon like stuff interspersed with

passages of extraordinary beauty
